

Clim[®]

*Global insulation
accessories provider*

 **Climatech**
INTERNATIONAL

 **INSULATION
COMPONENTS**

SOLUTION PROVIDER FOR INSULATION ACCESSORIES

Having constantly invested over the years, we are now able to offer a complete solution to our clients through:

- Our partner for USA : [Insulation Components, Inc.](#)
- A large range of products, manufactured in our facilities in Belgium and Spain or produced with partners sharing our vision and values
- High stock of finished products
- Dispatch within 48 hours when in stock

Trade mark and certifications

With the aim of helping Engineers, Entrepreneurs and End Users to choose the best products, created and selected by Climatech for their quality, we have not only developed our own brand name CLIM® but also obtained many certifications. Furthermore, Climatech is a member of several organizations.

CLIMATECH TODAY :

40 years old

49 employees

+5000 references

OUR RANGE OF ACCESSORIES

ANTIVIBRATION & DUCT CONNECTORS

Climatech produces in Belgium the widest range of flexible connectors, rubber and metal anti-vibration mounts and dampers. It will ensure the correct stability of the ventilation and air conditioning units.

INSULATION FASTENERS & TOOLS

Climatech is the largest European specialist in the production of fixing elements for the insulation of ventilation ducts; we have several kinds of welding products and machinery, as well as a very special section for cladding accessories.

AIR REGULATION & DIFFUSION

Climatech has a complete range of steel and plastic valves, air intakes and outlets, as well as accessories for the manufacture of dampers for air regulation. More technical products such as IRIS dampers and motorized dampers are also within our range of products.

DUCT ACCESS, SUPPORTS & FIXINGS

In this section you will find everything you need for proper ventilation installation, from the basic bolts, nuts and screws to the most professional platform and supports for installation and the completion of the ventilation equipment.

FLEXIBLE DUCTS

With our Italian and Spanish subsidiaries, we offer the widest range of flexible ventilation ducts, with over 10 different and certified models for each required application.

INSULATION FASTENERS & TOOLS

INSULATION FASTENERS & TOOLS

When fixing insulation boards, sheets, lagging, blocks, mattresses, blankets, quilts, etc. it is very important that good mechanical joint is made, with the surface to be insulated. Sometimes glue is used but there is a risk that the insulation media will delaminate and the resulting damage will reduce its effectiveness or cause condensation. Consequently fastening systems, which cater for various thicknesses and give a proper mechanical interaction between the insulated surface and the external face of the insulation, are essential.

These more desirable systems normally consist of pins, which pass through the insulation media and are fixed to the insulated surface by welding, rivetting, or by adhesives. Usually, the insulation is held in place by fastening clip or locking washer. This washer is of sufficient diameter to give a strong joint and to provide a bearing surface to spread the load so as not to damage the vapor barrier or retardant.

Whichever mechanical system is used, it is important that they are positioned for best effect. Around the edges of the insulation where the risk of delamination is more likely, there should be more fixings. Other fixings should be distributed uniformly over the rest of the surface to comply with standards or to meet manufacturers recommendations or guidelines.

The Clim range of mechanical insulation fastening systems from Climatech offers the standard types to suit whichever application you prefer.

Insulation Fasteners & Tools

SC-NC - Self-adhesive hangers / Self-stick pins without washers

- Base plate: galvanized steel with self-adhesive tape
- Nail : low carbon steel
Diameter : 12 Ga (0.105")
«ZnP» galvanized
«CuW» copper coated
- Locking washers sold separately
- Many sizes available, ranging from 3/4" to 16"

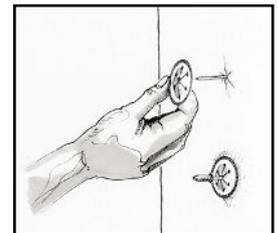

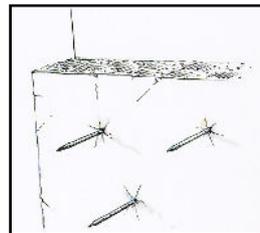

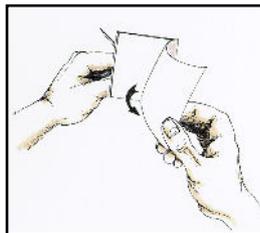

500 or 100 pack - sold per carton

Code	Description	Length	Material	Ctn. Qty.
212325	SC-NC-32B	1 1/4"	ZnP	500
212425	SC-NC-42B	1 5/8"	ZnP	500
212515	SC-NC-51B	2"	ZnP	500
212635	SC-NC-63B	2 1/2"	ZnP	500
212765	SC-NC-76B	3"	CuW	500
212895	SC-NC-89B	3 1/2"	CuW	500
213145	SC-NC-114B	4 1/2"	CuW	500
213651	SC-NC-165C	6 1/2"	CuW	100
214031	SC-NC-203C	8"	CuW	100
214100	SC-NC-210C	8 1/4"	CuW	100

1000 pack - 100 pack/Box - sold per carton of 10 Boxes

Code	Description	Length	Material	Ctn. Qty.
212426	SC-NC-42W	1 5/8"	ZnP	1000
212516	SC-NC-51W	2"	ZnP	1000
212636	SC-NC-63W	2 1/2"	ZnP	1000

Application :

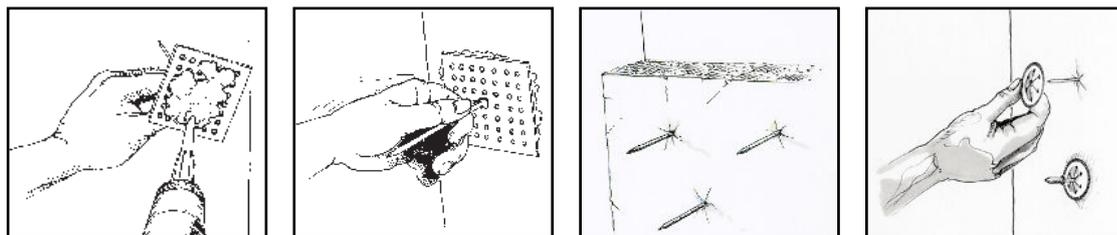

GSP-NC - Perforated base hangers without washers

- Base plate: perforated galvanized steel
- Nail : low carbon steel
Diameter : 12 Ga (0.105")
«ZnP» galvanized
«CuW» copper coated
- Locking washers sold separately
- Many sizes available, ranging from 3/4" to 16"

Code	Description	Length	Material	Ctn. Qty.
228425	GSP-NC-42B	1 ^{5/8} "	ZnP	500
228515	GSP-NC-51B	2"	ZnP	500
228635	GSP-NC-63B	2 ^{1/2} "	ZnP	500
228765	GSP-NC-76B	3"	CuW	500

229145	GSP-NC-114B	4 ^{1/2} "	CuW	500

Application :

CL / CAP / W-PCAP-Z - Washers & Caps

- **CL** : round self-locking washers for hangers :
«ZnP» galvanized steel
«Inox 304» stainless steel 304
«Inox 316» stainless steel 316
- **SW** : square self-locking washers for hangers
- **CAP** : aluminum or stainless steel dome cap
with stainless steel insert spring washer
- **NSC** : protective polyethylene caps

Code	Description	Diameter (mm)	Material	Per carton

Insulation Fasteners & Tools

F-100 - Cordless Stud Welder

- Capacitor discharge stud welder
Suitable for cup head welding pins CDF3-PAP
- Supplied in a strong red plastic case
- Charging station and two Makita 18V batteries included, short battery recharge time
- User is no longer «tied to an electrical outlet»

*Welding gun type may vary based on destination country

Code	Description	Per carton
293422	F-100 Cordless stud welder	Pc
293960	WELD TIP F100 for CDF	Pc
293961	COLLET 10 ga	Pc
293962	COLLET 12 ga	Pc
293963	COLLET 14 ga	Pc

WELD TIP F100
(included with the machine)

COLLETS
(sold separately)
